Index Treatment Adherence (ITA-1)

Item-specific Instructions:

- **Item 1:** A dose is the number of times a participant takes one or more pills per day within a 24-hour time period (e.g., two pills every 8 hours equals 3 doses per day). Record “0” or “00” if a dose was not missed.
- **Medication Code:** Refer to Atlas for the most current Medication Code List. *Note: During the study, this medication code list may be updated as new ARTs become available. Existing codes will not change, but new codes may be added. Please refer to the SSP appendices for medication code additions. If a drug used at your site is not listed, contact the SCHARP Project Manager for a new code.*
