

**HPTN057_Mother Pre-existing Conditions
New & Updated Records as of 25OCT07 15:04**

ID	Visit Date	Record Status	Pre-existing Condition	Date of Dx/Sx	Ongoing?	Comment	Query	Note
598-00-033-0	Unknown	Hx	decreased hemoglobin	08/07	No	date started: 02aug2007 date stopped: 05sep2007 grade 1;	Your response to previous query indicated that the vs. 1 Hb is not in gradeable range for HIV+ ppt. Please update the Pre-Existing Conditions CRF accordingly and refax to SCHARP. Thank you.	Site updated the CRF to note that this condition "stopped" on 05Sept with the ppt's visit 1 labs (HgB of 10.9). <Ppt's screening HgB was 10.9, which is non-gradeable per the DAIDS Tox Table.
		Hx	varicosis both legs	07/07	Yes			
		Update	increased alkaline phosphatase	08/07	Yes	grade: mild	It appears that this lab abnormality was continuing at the time of enrollment (Visit 2). Can you please confirm and update the question "is this condition ongoing" if applicable. Thank you.	Site updated the CRF to indicate this condition is ongoing. [RESOLVED].
