¹ This report includes data received and entered at SCHARP through this date.

² The measures in this report summarize retention over all expected visits.
A visit is considered expected only once the participant's visit window has closed.

A visit is considered completed once the Visit Summary form is received and entered at SCHARP.

³ Participants who terminated early are removed from the denominator.

⁴ Includes all visits between 02JUN2015 and 01SEP2015.
